Original Report by Deputy MacKeller, #1168.
#1802230177.

Nature: MDOP.

Information: I was dispatched to the report of a destruction of property, reference the caller advising his parents had destroyed his property that was left at their residence.

Contact David Elliot Werking: I made contact with David via telephone as he currently resides in Indiana; David advised that on August 23rd 2017 he was kicked out of his parent's, Paul Michael Werking and Beth Eileen Werking, house. David advised that when he was kicked out he left some of his property at his parent's residence.

David advised that on December 16th 2017 his parents delivered some of David's property to him in Indiana. David advised he noticed items missing from his property and when he asked his parents what happened to the items they advised the items were destroyed. David advised these items totaled around \$30,000.

David advised he would like to file charges against both of his parent's for the destruction of his property, David advised the property that was destroyed was mostly CD's and movies, and some personal art he had collected. While speaking with David he advised all of the items totaled around \$10,000. at that point I asked David to verify how much the damaged property totaled as he first told me a total of \$30,000. and now he's telling me \$10,000. David advised he was unsure of exact numbers but figured it to be around \$10,000 and with the emotional attachment with the items it would be around \$30,000.

Contact Beth Eileen Werking: I made contact with Beth via telephone; Beth advised David was kicked out of their house reference a Domestic that had taken place on August 23rd reference Inc#1708230201.

Beth advised that prior to David moving into their residence they requested that he not bring any of his pornography. Beth advised they knew David had issues with pornography and simply requested he not bring any into their house. Beth advised after the Domestic and David moving out, they began going through his items in order to pack up his property so they could deliver it to David. Beth advised while going through the property they found a large amount of pornography that they were upset about being in their residence. Beth advised they didn't wish to transport the items to Indiana to deliver to David and they didn't want it in their house; so Beth advised the items were destroyed and discarded.

Beth advised there are a few property items of David's that remain at their residence too which she advised they haven't been in a hurry to return due to David being upset with them about the destruction of his pornography.

Further contact with David: I again made contact with David who confirmed that the

items that were destroyed were all to do with pornographic material; David advised it's still his property and feels his parents didn't have the right to destroy any of the items. David was very upset and stated he still wished to pursue charges against both Beth and Paul Werking.

Info: On the evening of 11/26/18, I was dispatched to contact the caller via phone reference questions regarding his criminal complaint on 02/23/18.

The caller is David Werking and the incident took place at [REDACTED]
[REDACTED]

Caller / David Werking: I spoke to David on the phone. He stated that he was upset that he spoke to the Prosecutor's Office earlier in the day and they advised him that they denied his case from 02/23/18. David was told on the phone today by the Prosecutor's Office that they never received his "documents". David was upset that he was not told that the documents were needed to show proof that his parents destroyed his property.

David had no new information regarding the case but has requested that the "documents" be submitted and then again reviewed by the Prosecutor's Office for MDOP charges.

I provided David with Deputy Mackeller's name and email address so he could send the items. I also notified Deputy Mackeller.

David advised that he did not have any further questions and our conversation "cleared" up a lot of things.

Supplemental Report by Deputy MacKeller, #1168. 12/5/2018. #1802230177.

Information: On 11/26/2018 I started receiving emails from David Werking regarding his original case against his parents for MDOP. David was advising he was in contact with The Prosecutor's Office who advised him his report was denied due to lack of evidence.

Contact David Werking: I attempted contact several times with David via telephone and email. David never answered any of my calls and never returned any voicemails.

David has sent me around 44 emails that will be sent to Forensics to be added to this report. David's emails contain lists of dvd's and vhs tapes, different sex toys, and lubes that he states are missing. David made several different lists of receipts with prices he has found online.

David was requesting that this case be reopened and sent to the PA's Office for further review.

Contact Sarah Matwiejczyk: I made contact with Sara who is the Original Prosecutor that denied charges on this report. Sarah advised she has also received a high number of emails from David and stated she would not reopen the case as there is no new evidence. Sarah advised I could close the report out and not send it to the PA's office as she would deny charges.

Subject: Re: Dream

David,

I have never and will never watch pornography on the internet. Neither, have I nor will I watch your pornography. Furthermore, I find your whole attitude toward women to be very disturbing. Women are not objects for you to masturbate with, they are people created by God just as you were and should be treated with respect and dignity. I don't think that you have been listening to me, so let me make this very clear. I do not possess your pornography. It is gone. It has been either destroyed or disposed of. I may well have missed a few items that are now in your possession but, at this point, if you don't have it, it is gone. Ditto for your sex toys and smutty magazines. As far as the rest of your list goes, you should have it. I suggest that you look through your stuff again.

Back in high school you joined a gang that made its money by distributing pornography to under-age boys. I am sure that you remember the day when Mom and I discovered this and put a stop to it. At that time, I destroyed all of your pornography and reported your activities to Pickerington High School officials and other parents. I also warned you at that time that if I ever found pornography in my house again I would destroy it. In fact, I believe I told you that I would have you arrested but I don't remember this for sure. We thought that that was the end of it but were proved wrong when, in your freshman year of college, you were kicked out of IWU for distributing pornography again. Then you went to Ball State and got married. At that point we figured that you were Mary's problem and not ours.

Apparently, the love of a good woman was not enough to turn you from your evil ways. After ten years of abuse, Mary had enough and kicked you out. After living on the street for a while we allowed you to live with us again despite the way you mistreated us. For seven years, you would not allow us to talk with either Mary, Elsie, or yourself. We allowed you to move your possessions into our basement but, before they left California, I made it very clear that I did not want any pornography in my house. Silly me, I thought that you might have one box, or possibly two boxes, of the stuff and I expected you to throw it out or leave it behind. When your stuff arrived and you moved it all down to the basement before Mom and I had a chance to look at it, I asked you point blank if there was any pornography in those boxes and you said simply, "No." I gave you the benefit of a doubt and took your word for it. Then on 8/23/17 you started throwing furniture and around and we called the police to remove you

them, on 8/25/17, you started throwing furniture and around and we called the police to remove you from the premises. Two days later, on 8/25/17 (the same day that I found you on the street and drove you to LOVE INC), Mom and I moved all of your boxes from the basement to the garage. In the process, we discovered your pornography. We were not surprised that you lied to us about having pornography because you lied to us every day about other things for the entire ten months that you lived with us. However, we were amazed at the magnitude of the lie. We counted twelve moving boxes full of pornography plus two boxes of "sex toys" as you call them. We began that day the process of destroying them and it took quite a while to do so. Also, on that day, your Mother said that she never wanted to see you again. (I was very surprised that she even talked to you on the phone at Thanksgiving.) That is why we did not visit you at Christmas and why you were not invited to the Smeenge Christmas party at our house. And why we didn't tell you about the Werking Christmas party. Which is a shame because it was at Corey's house in Fishers which is only about an hour from your house.

Two things about your pornography were very disturbing. First was the child pornography; the possession of which would give you very serious jail time in excess of 20 years. Second was the fact that you had multiple copies of several titles. This would lead any reasonable person to believe that you were still a distributor of pornography. Given your history, it would not be a big leap to assume that you were still selling it to minor boys. One other thing was just stupid. Why did you keep so many VHS tapes? Did you just want to get arrested? I mean, who buys VHS tapes now-a-days? Do you even have a tape player? Frankly, David, I did you a big favor by getting rid of all this stuff for you. If you are smart, you will get counselling and give up your porn addiction. However, if you really want to totally ruin what is left of your life, by all means go ahead and sue me. Just be aware that any judge in a civil court will be required to report your activity to a criminal court. And if he or she doesn't, I definitely will.

Theres plenty of porn on the internet if you want to watch that Dad. Try youporn or xhamster. Believe me, I know you need it with mom around. I needed it with Mary around. Meanwhile for me there are college girls out there waiting to be made into women. You don't have to take someone else's stuff, and I would like it back, along with the sex toys, my music cd's, my tambourine, my black comforter, my record player, my wedding rings, 8 8x10 gesso'ed canvases, my art bag, a "Owner get's Clipped" poster, 1 long container of smutty magazines, and I am also missing I notice here my ps vita games: Silent Hill Book of Memories, Uncharted Golden Abyss, Rayman Origins, Soul Sacrifice, Injustice Gods Among Us, Little Big Planet, Gravity Rush, Need For Speed: Most Wanted.

Oh and I don't have the cord that allows me to send pictures from the digital camera onto my computer, (USb) Weird.

That's just off the top of my head. I'll think of the rest later.

Subject: Dream

David,

I had a dream about you last night. The first one I have had about you in many many years.

I dreamed that Mom and I were in the back seat of a van and that you and your lawyer were in the front seat. The lawyer was driving and he stopped at his office for "just a second" to pick up a paper that he needed. He parked the van in neutral, got out, left the door open, and ran for his office nearby. While he did that, the van started to slowly roll backwards down the hill we were on. You moved from the passenger's side to the driver's side and pumped the brakes many many times as hard and as fast as you could but nothing happened. The lawyer turned to see his van picking up speed as it went down the hill and yelled to us, "Put it in beginto!" We knew that the van was a foreign make and that it was a new fancy model with many gears and new features; but we had no idea what "beginto" meant. In a panic you grabbed the gear shift lever on the steering column and rapidly shifted through all of the gears but nothing helped. At this point we were moving rapidly down the hill approaching a line of parked cars. Then you moved the stick back to neutral where you started, took a deep breath, and moved the lever to the right just slightly with the smallest effort. We heard a small click and the display on the dash read "Begin to go forward." Suddenly, the van slowed down and then started to go forward at a slow speed. You drove us back up the hill to where the lawyer was standing, stopped the van, and put it in park. After this I woke up so I don't know what happened next. However, I have a feeling that Mom and I got out and put a safe distance between us and the van.

What does this dream mean? I'm not sure but, as you say, you are almost 40 years old. How has life worked out for you so far? Maybe now is a good time to change your goals and how you live. Don't worry, I'm not going to preach at you again. I think that you know enough that you can figure it out for yourself and that you know where to find the answers.

David Werking,

It is not natural or normal for a person to have sex with his or her Mother.

It is not natural or normal for a person to have sex with their Father.

It is not natural or normal for a person to have sex with their Brother or Sister.

It is not natural or normal for a person to have sex with their Son or Daughter.

It is not natural or normal for a person to have sex with any child, related or not.

It is not natural or normal for a person to have sex with an animal.

I found DVDs depicting all of these detestable practices in your collection. Such things should not be promoted, celebrated, or glamorized. Any civilization that tolerates or promotes these acts will not survive. Any individual that puts this garbage into his mind (whether or not he commits these acts) will also suffer. It should be no surprise to anyone that a person who watches this stuff every day will have nightmares and/or strange dreams.

You apparently believe that "all sex is good sex" or that "one can't have too much sex." This lie was foisted on the world by Alfred Kinsey in the fifties. I don't know who sold this bill of goods to you but it should have been obvious to you that it is not true. It's like saying that "all food is good food," or "all drugs are good drugs." If you eat nothing but sugar and carbohydrates for 20 years you will get diabetes and die a horrible miserable death. If you take ibuprofen every day for aches and pains you will ruin your stomach lining and get ulcers (or worse).

But alas, the list above was not the end of what I found. I also found videos depicting slavery, torture, rape, and gang rape. That you would buy and watch films depicting such violence is beyond the pale. I have no words to express the depth of my shock and disappointment.

I have no words to express the depth of my shock and disappointment.

Believe it or not, one reason for why I destroyed your porn was for your own mental and emotional health. I would have done the same if I had found a kilo of crack cocaine. Someday, I hope you will understand.

How can someone be addicted to something that is natural? Do people have sex? People have sex. Do people masturbate? People masturbate. Do the endorphins from an orgasm hurt the body? No they do not hurt the body. Are men visual? Yes, men are visual. Are women visual? No, women are auditory. Do women have porn? Yes it's called dimestore romance. Is anyone saying that's wrong? No, no one is saying that's wrong. Does Jesus say anything about porn? No Jesus talks about not committing adultery in your mind. Catholics talk about porn 300 years after the Bible. Are we Catholic? No. Are these women I am lusting after married? No those are paid actors and actresses. Are they good at it? Enh, some of em. Is it sexist? No, both sexes are there. Does it degrade people? Not if they're good at it. Something good should be uplifted. Is it bad for marriage? How about women stop dreaming about the men we could be and we stop dreaming about the women they could be. That seems fair. When is an interest an addiction? Someone is addicted to trains. Oh my God they have so many trains. My wife is addicted to shoes. Oh my God she has so many shoes. Oh well.

When you have an adult child, you treat them like an adult. I made my decision. If you want to talk about my decisions with me, that's fine. The Bible would not be written so that you have to disobey one commandment in order to honor another. The Bible says to rebuke your brother if they are doing wrong. GOD forces, not YOU. There's this whole thing called the Crusades. You should read about it sometime. Many people killed in the name of God. Horrible, horrible things going on. I would say the middle east will probably never heal. I brought my scarce belongings into your house. I told you at that dinner table in Rockford Minnesota back in 2015 what my belongings were. If you don't say that, then that's a lie. I love you Dad, and I need you to be here to teach me how to be a man still, but you also need to know that there are consequences for your actions, legally. You can't just go around destroying people's stuff that you don't like or agree with. We live in a civilized society. If you had a problem with my belongings, you should have stated that at the time and I would have gone elsewhere. Instead you chose to keep quiet and behave vindictively. Today is Elsie's birthday. I don't know what to do with this because it's something I've never been taught. Mary is in denial about how much damage not having a father is going to do to Elsie, and I have to sit on the sidelines until Mary realizes that she needs me, because she needs our daughter to be okay. I need a father. I need people to step up to the plate and stop acting childishly. I never lied to you about my "porn". I could have, but I didn't. I respected you, and hope someday I can respect you again. I never thought you could throw a child away. I hope destroying the porn felt really good, was it worth a son? Here I was, trying to give you a second chance.

trying to give you a second chance.

I am glad about the person I am. I am glad about the person I turned out to be, with or without you, with job or no job, with house or homeless, because I was present and I made every choice I thought was best for me and no one else. I collect porn to remind me that I'm not you. I'm me. I have thoughts and feelings too. Sad sad thoughts. Angry thoughts! But human, so human. Honor my life, and honor my experience, and honor my thoughts because I am out here surviving, outside of your shadow.

David,

I left more of your stuff, hopefully all of it, with Grandma last week end. She will probably come down with Carol sometime in the next few weeks to deliver it. They will be bringing a large black canvas bag with miscellaneous stuff and a box with a few more CDs that we found.

I have not told Mom and Carol about your porn addiction. If you have any pride left at all, you won't either.

Dad

Dad,
I really do need my stuff.
We're almost to December.
Is there some way you can give me the dates you will be showing up with the rest of my possessions?
I am trying to be as nice as possible since you're family but I will take other measures if I have to.

Exhibit 5
Receipts of Property

A WORD ABOUT THE ESTIMATES:

It is very difficult to find a price for many of these items. Many titles are unavailable, and when I say unavailable, I mean unavailable ANYWHERE. I have had these titles on my wishlist/wantlist for a year with no postings. Think: "Not just out of print, but the entire studio making it dissolved, and that was twenty years ago." I bought all of these items either in New/Mint or VG+ condition. I played them maybe once or twice because I didn't want them to get scratched or messed up. I had to estimate what I spent on them because I don't have the receipts anymore—they were destroyed by defendant. I cannot gather them from the web because I don't have those same email/ebay accounts anymore. If I found a copy, whatever the price, I listed the price. It is going to be very difficult to find replacement copies of a lot of these items. I estimated a pillow of \$100 for each out of print item simply because: "I don't know." and I should be able to ask for replacement cost. Items marked with a * mean I probably paid less than 30 for it. This estimate is honestly the best I can do.

Re: Destruction of Personal Property

Mrs. Werking:

I represent your son, David Werking. David contacted me regarding potential destruction of his personal property. David alleged that the destruction of the property took place sometime in or around the fall of 2017.

David provided a list of items that he alleged you, under no right, destroyed. David also provided an incident number with the Ottawa County Sheriff's Department. I contacted the Ottawa County Sheriff's Department and received the attached police report.

In the police report, you indicate that the personal property was "destroyed and discarded". (Police Report, Page 3, Paragraph 6).

Neither David nor I are aware of any legal right to destroy the property. Absent such, David has been harmed in the amount of Twenty Eight Thousand Nine Hundred Forty and 72/100 Dollars (\$28,940.72). This number is based upon receipts David has kept for the personal property. The number may actually be higher because David does not have all the receipts for all the personal property.

Please remit payment to my offices in the above amount by February 1st, or we will be forced to take action up to and including suit in Ottawa County Circuit Court for statutory conversion (and associated treble damages and attorneys fees).

If I am mistaken as to any details, I would welcome a phone call (number listed above) to clarify. I hope we can resolve this manner expeditiously, amicably, and quietly.

Thank you in advance.

Sincerely,

Miles Greengard

I lasted the first winter Feb 10-March...with only a jacket. Yes I know it gets bad. Yes I know how to take care of myself. Yes I am running down low on places to go. This morning the guy who runs the shopping center asked me not to take showers in the bathroom anymore...which I know just means don't take showers ANY LESS right? *lol* but no really it was nice of him to tell me and not call the copz. Thank you for the info...I might have to take you up on your offer if Mary decides to litigate! I have no space for winter clothes. I did not know you were helping with the Alpacas...have you seen Grandma during a bad day yet?

Rentals aren't really cheap in Grand Haven but I did want you to know that I did see a two bedroom duplex for \$560 near downtown. If you want to check it out, go to Craigslist for Holland, MI. You can add Grand Haven as a search under apartments for rent and check it out. This is really a nice community, David. And it is so pretty. The library is one of the nicest I have been in and I love the beauty of it all. Yesterday, I was here at my desk upstairs, catching up on bills, and through the window, I saw a majestic buck walk through the back yard. I'd like to get out and explore more before cold weather sets in, but I am kept pretty busy with caring for Jan's alpacas in the mornings and spending time with Grandma. I try to get in a couple hours of "homework" a day but it is pretty hard to stay focused when there is so much to do. I still have a lot of boxes sitting in the hallway. It's funny, though, Esther and Marilyn were big tea drinkers and the cupboards were well stocked with "brews" even before I brought my own stock. I think I am going to bring most of it to the downstairs kitchen. I'm also ready to start thinking about setting in stores for the winter. We have a small freezer down there plus the full size refrigerator downstairs. I bought some local apples and they are delicious. I have two bags on hold down there.

David, if you wanted to come, know that there is plenty of room here for you. I haven't started working on the upstairs second bedroom yet but that could be yours if you'd like. I know you were feeling a bit creeped out by the basement. Dad isn't crazy about it either but I am hoping, that with some work, that will be a nice cozy big TV room. But if you would want to take it on, at least you'd have your own kitchen area.

I hope you are "okay for now" but I am very concerned about you with winter coming. Please think about this and if you have any questions, know that I will answer to the fullest, okay? Are you needing warm clothes? I could send some if you need them...

Well, think about it. We have a place for you here in Michigan if you need it.

Just remember that we would expect you to pay some amount of rent, if you are here long term (for more than a few weeks).

Also, as we discussed before, we would expect you to seek some form of treatment for your own long-term health. Due to the expense, we would be willing to help with that.

Regarding Mary's "sucky life," I would recommend that you worry more about making your own life better than making Mary's life worse.

I do miss you so much. I miss your hugs, your humor and our conversations. You are welcome to join me at Smeengehaus where we can enjoy a fire in the fireplace together through the winter. I really do love it here. There is a lot to do to make it our home, but it is coming along. Next project involves paint and new flooring downstairs.

Since that means the downstairs "apartment" is going to be used for misc. storage for awhile, you could have the spare bedroom. If the cats are too much to deal with, I could be scouting for an apartment nearby. With a realtor for a brother-in-law, I am sure we could find something for you.

David, know that dad and I want to help you start the next chapter of your life. I can make myself available to drive you to job interviews or to work. It is an offer--just think about it okay?

I know it takes you very far from Elsie but we would sure love to get better acquainted with her and have her come to visit.

Dad forwarded his messages to me so let me chime in on that. Since I am on a better stringent budget myself now since retirement, it would certainly help if you could contribute a set amount each month toward household expenses. That could include groceries or not. In other words, you could stock the downstairs refrigerator and shelves with your food or we could do this together. and you'd have to eat my cooking.

There are other considerations for you moving forward. I will do all I can to help you with these things. I am your mom, now and always!

Texas is big. Very big. Grand Haven has good bus service at reasonable rates, like 75 cents, I think, and then you'll have Mom's wheels as well. I propose you come and make yourself comfy in the apartment downstairs and we'll look for an apartment for you. I am sure we can stock it with everything you'll need--there are some good second hand shops close by. Those are practical matters. Like you say, it is important to find out what the next chapters of your life hold. We want to help you in that discovery.

I will DEFINATELY be looking for work, but if work doesn't come, I need to be selling artwork/my stuff. I cannot just give it away to salvation army like Dad suggested. I need to take a walkabout. I need to go to India/Thailand and scout out the area and see if it's really worth it. I also need a walkabout for my soul. I put everything into this marriage. I wonder: why life is so petty. I wonder: who I am anymore and what I'm supposed to do with the rest of my time here. Dad doesn't

seem to want to help out with moving stuff, so I will probably have to get movers. Could you drive me around so I can sell my stuff/make money? Just back and forth between the post office and the storage. Yeah I do need storage.

I heard of one that is a one bedroom for \$530 a month. I think you will want to look for yourself so I haven't done much yet on that front. Just an update. I am trying to find a small storage unit for your things here. So far, no luck--but I will try again next Monday morning. There are several other places farther out but I would like to find one "close in", of course. We got a lot done on the house and garage in the last couple of weeks. Dad was supposed to leave yesterday, planning to go visit his mom and then head home. Instead, he had a kidney stone which he is still trying to pass. Regarding the economics, I understand. Perhaps better than you do.

Regarding an apartment, you can live with us free of charge until you find one. BUT if you don't find one in two months, I don't think you are really trying. Two or three weeks should be plenty of time in the Holland/Grand Haven area. (Especially with a realtor in the family.)

I don't think you understand the situation. This is how \$1500 gets frittered away (even in poor areas) \$500 rent. \$310 food. \$200 health care/dental. Trash: \$60. Phone: \$30. Electricity/Plumbing: \$50. Clothing/Haircuts: \$50 Transportation: \$100 Entertainment: \$100 Emergency Fund/Retirement: \$100. There is a Gavron warning on my spousal support, and that is that I attempt to find work. My spousal support is not a forever thing. I have no retirement fund. Like you, I do not want to work forever. Spousal support usually lasts half the life of the marriage, and there are no magic guarantees that Mary will keep her word and never leave me destitute. She already left me destitute when she filed the restraining order, who is to say that it won't happen again and that a judge won't rule in her favor? I have no money to risk.

I warned you against talking to Mary. She is a sociopath. She is the one calling me a freeloader. I am the one saying: "no, wait--50% of all people eligible to work are not working in America." I am not a freeloader. I am an artist. If you have ever seen an artist work, you would know that artists work quite hard to do what they do. Life offers no guarantees. I know the Boy Scout motto is: "be prepared", and this is what I am

attempting to do after not preparing for it--and who can prepare for a sociopath?

Home is where you are wanted. I take issue with you saying that I treated you like dirt. I was attempting to solve a problem I had no knowledge of how to fix, and I knew that just doing nothing about it wouldn't fix anything. If I lied and manipulated, I would be in a much better place than the one I am in now. <https://www.youtube.com/watch?v=urwyTGOgKwY>

David,

I'm glad you remembered that speech about "blood being thicker than water;" i.e., family being more important than religion. But I think that you missed the bigger point: that that was the reason WHY I was letting you stay with us. If I didn't believe that family was important, I would have told you to go pound sand.

When your grandfather Jerry Smeenge died, I called you to just let you know and you hung up on me. For seven years, you didn't call us, write us, send birthday cards, or contact us in any way. Not only would you not talk to us, but you forbid us contact with Mary and Elsie. You did this for seven years! You didn't attend any of Laura's Thanksgiving dinners in Phoenix. You made it very clear that you did not want to be a part of the Werking family. It took a while but I finally accepted this and stopped sending you the annual check for a Christmas present. As far as I was concerned, you were dead and did not exist. Then in March we got a call from Mary informing us that she was divorcing you and that you were out on the street. It was hard, but after much prayer, your Mother and I decided to forgive you and help you out. Not only did we let you live with us but we gave you \$14,000 to help pay for your legal expenses so you that could get a fair divorce settlement.

Now you have that settlement. You are a rich man and set for life. Maybe you don't need us anymore. Maybe you want to start treating us like dirt again. David, you are not doing us a favor by moving to Michigan. We are doing you a favor. If you want to move to India, do so. I just need to know one thing. Are you a member of my family or not? If so,

then start acting like it. We are glad to help you in any way we can. Just stop lying to us and trying to manipulate us. And treat us with just a little love and respect. However, if that is too much for you, if you don't want to be a part of the Werking family... then I wish you well and I will try to remember you fondly.

Your Father

Sharing my details with Mary is why she was able to turn me into a basketcase during the divorce, and probably why I may not have been able to get a better settlement. No problem. And don't worry about the two month thing. First of all, I was just expressing an opinion that one or two months should be enough time to find an apartment. I was not setting some kind of firm limit on your stay. It's not like we would throw you out or something. Secondly, Beth explained to me today that it will probably take two or three months for you to get the money from your house in CA. I don't know why, but I had the impression that you were to get your money around labor day. So really, a couple of months after you get your money is a more realistic expectation. Sorry about the misunderstanding. Come to Grand Haven whenever you can.
